A propos

I am Bernard RIBERE, over 30-Years' Experience in Aeronautics. My expertises are about: Quality, Programme Management, Customer relationship, Production, Aircrafts Customization, , Project Management (assessed Airbus-silver) , Structures Engineering & Design.

My skills are :

- I am Solutions oriented, in a challenging environment.
- I can Manage transitions, challenge and improve existing **organisations** & processes for efficiency and profitability increase purpose.
- I know how to Proactively manage Customer relationship.
- I can Lead & empower team members towards commitment.
- I can Enhance contributions, in a transnational and multifunctional management.

Since March 2021, I have created and I chair a new consulting company: ABR Consultants, who is able to propose the following list of potential areas for Consulting Intervention & Trainings about: Programmes & Projects Management, Management of the transformation Projects, Management of Quality Projects and their practical Tools deployment, Management of Win-Win Customer/supplier relationship basis, Management of the Qualifications of the Tier 1 and 2 sites and of their suppliers, Management of Transfer of work to best cost sites.

My references: Derichebourg, SPACE, IN&MA, ATS Laser, UMLAUT/Accenture, Aubert&Duval, AviaComp, Lab LEBEAU, Techni-Moules
